

SOSIA

WE ACCEPT CHALLENGES TO BUILD THE FUTURE

Granites

ABOUT US

SOSIA is a construction and public works company that operates in 1997, based in Alpendurada, Porto, Portugal.

Our business profile includes various jobs in foreign countries such as Spain, Algeria, United Kingdom and France. We have personnel specialized in the construction of concrete structures, infrastructures, roads, motorways, railways, iron etc. ...

A small economic unit of local relevance has evolved into the organization currently ranking in the leading companies in the sector, in a sustainable way, diversifying products, services and markets, all with the decisive contribution of its employees. Prepared to provide services throughout Europe, SOSIA has works in markets in Northern and Central Europe, such as the United Kingdom, Germany, Holland, Algeria, Morocco and South America, in countries like Colombia and Bolivia.

Business area

Drawing on many years of experience, SOSIA has experience in various areas under construction such as: concrete structures, molding, cutting and application of iron, concrete formwork.

- Surface and underground railways (underground)
- Streets, Highways and Structures
- Residential, commercial and office construction
- Water supply networks
- High-speed railways
- Bridges and Tunnels

Granite Supply

Located in the north of Portugal, rich in granite area, SÓSIA has the ability to provide granite for various purposes such as:

- Construction of walls and cladding walls
- Paving of streets
- Floors of houses and buildings
- Decorative parts
- Sculptures
- Urban and street furnishing
- Guidance and delimitation of traffic.

As suppliers, we did business in Spain and France and we also negotiated the supply to an Algerian company.
